UNIVERSITY CERTIFIED

POST GRADUATE CERTIFICATE IN ORAL IMPLANTOLOGY (PgCOI)

(IMPLANT EXPERT PROGRAM)

REGISTRATION OPEN

BATCH: 2019

PgCOI is a University Certified intensive 4 module (one year part time) program specially designed for the ;
Fresh Graduate / Post Graduate students
 (who want to start an implant based practice)
 or
Experienced Dental Practitioners
 (who want to add implants to their clinical practice)

THIS COURSE IS UNIQUE AND ONLY ONE OF ITS KIND PROGRAM IN INDIA

- ❖ Non company based
- ❖ Live surgeries on Patients
- ❖ Develop Prosthetic competency along with surgical skills
- ❖ Mentoring by experts in Oral Implantology
- ❖ Extensive Hands-on Workshops(Basic to Advanced)
- ❖ Pacific (PAHER) University Certified

CREATING EXCELLENCE IN IMPLANT DENTISTRY

MODULES

MODULE 1 (3 Days)

Part 1: Basics of implantology

- Evolution, scope & rationale of implant dentistry
- Applied anatomy & bone physiology
- Biomaterials & biomechanics
- Implant design & its rationale
- Surgical instrument & prosthetic components
- Review of current implant systems
- Imaging in Oral implantology
- Basic principles of diagnosis & treatment planning
- Clinical examination & assessment of implant patient

Workshop 1: Sequential Osteotomy & Dummy implant placement

Workshop 2: Introduction to various implant systems

Workshop 3: CBCT & implant planning

Part 2: Presurgical prosthetic planning:

- Diagnostic casts evaluation
- Mounting of wax ups
- Treatment planning options
- Single tooth implant
- Implant for Multiple missing tooth
- Implants for edentulous patients
- Evaluation of osseointegration

MODULE 2 (4 Days)

Part 1: Surgical Implantology & Pharmacology

- Sterilization & Operating room protocol
- Local Anesthesia & its applications in Implantology
- Surgical principles, Basic implant surgeries
- Flap designs & Suturing Techniques
- Osteotomy technique
- Implant placement
- Surgical complications & management

Part 2: Aesthetic consideration in implantology

- Implants in the aesthetic zone
- Soft tissue management for better aesthetics
- Management of implant complications in the aesthetic zone
- Soft tissue and bone management.
- Perio-prostho relationship for enhanced aesthetics and prognosis

Workshop 4: Asepsis & infection control

Workshop 5: Flap Design & Suturing techniques

MODULE 3 (3 Days)

Part 1: Implant Prosthodontics

- Prosthodontic protocols: Presurgical, provisional & definitive
- Strategies to develop predictable prosthetic outcomes
- Impressions in implantology
- Lab procedures & evaluation
- Occlusal consideration in implantology
- Loading protocols in implant dentistry
- Periimplantitis & its management
- Maintenance of dental implants.
- Periimplantitis & its management

Part 2: Advanced Implantology

- Principles of bone augmentation/
- Graft materials & membranes
- Immediate implants

Workshop 6: Implant Prosthodontics

Workshop 7: Overdentures

MODULE 4 (2 Days)

Part 1:

- Practice management pertaining to Implantology
- What not to do in Oral Implantology

Part 2: Assessment

- Part 1: Theory exam
- Part 2: Case presentations (no.2) & Viva voce

University Certification ceremony

INTERNATIONAL ACADEMY OF ADVANCED CLINICAL DENTISTRY (IAACD)

"CREATING EXCELLENCE IN DENTISTRY"

New concept in Dental Education (Learning never stops)

WELCOME

Prof. (Dr.) Hari Parkash

FORMER CHIEF CDER - AIIMS (NEW DELHI)

MDS, MICO (USA), FIMFT (UK),
 FAAMP (USA), FADC (USA),
 FDS RCPS (Glas.) FDSRCS (ENG.)
 FDSRCS (Edin.)

PRESIDENT - IAACD

Thank you for your interest in our Post Graduate Certificate course in Oral Implantology by IAACD, affiliated to PAHER University, Udaipur.

The Implantology program provides participants with the best of unbiased, evidence based learning and unparalleled hands-on experience. Our course is designed to empower participants with the benefits of academic courses rather than individual system-based oral implantology training.

I on behalf of IAACD will be looking forward to your joining Post Graduate Certificate course in Oral Implantology.

Best Wishes.

(Hony.) Brig. Anil Kohli

CHIEF SCIENTIFIC ADVISOR - IAACD

Prof. (Dr) Ajit S Rathore, MDS
